A helpful Hints For tradesman asking for a free quote. Please request a general liability and workers compensation insurance from all contractors that help you complete a job. Please review IRS regulations defining contractors and defining employee. It is recommended that you maintain contracts for all contractors you pay. This can help you maintain your business insurance coverage economically priced and avoid income tax penalties. Also, at a minimum, please request a job order on all jobs you do, specifying, (1) details of the job to be performed (2) agree upon price (3) who is to pay for the materials to be used (4) address where work is to be performed (5) method of payment & (6) date and time of when payments are earned and paid (7) expected time frame to complete. A+ can help you get comfortable in estimating if a person or entity may have cash available to pay for your service. If you need assistance with these helpful hints just ask and we will put you in touch with persons who can explain this to you.
